

Gelato d'Italia

Gelato d'Italia is located in the food court of the Carousel Center Mall in Syracuse, NY.

The facility serves fresh-made gelatos on a daily basis. The gelato case was special ordered from ITI in Italy. It is the first gelato round and revolving display cabinet of its kind. It represents the perfect synthesis between the displaying capacity in the traditional display cabinets of gelato and the conservatory capacity, typical of dipping wells. It is unique in its design and technology.
